

Disaster Readiness Quiz

To find out just how prepared you already are – or aren't – for a possible disaster, here's a brief quiz that will help you assess your readiness.

- | True | False | Don't know | |
|-----------------------|-----------------------|-----------------------|--|
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>My office has an emergency contingency plan in place for physical disasters.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>IT is the only department responsible for disaster preparedness within my organization.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>I keep my employees updated on the most current security threats and provide guidance on what to look for.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>My business operations require a 24/7/365 model that involves constant uptime.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>My organization houses onsite data that is critical to business operations.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>My organization and its departments are tightly organized and can coordinate effectively in the event of a catastrophic system failure or disaster.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>If my business location were struck by a disaster, it could re-establish operations seamlessly or at a minimum within hours or days.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>IT systems such as email, document storage, telephone PBX, etc. are essential components of doing business.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>My datacenter can guarantee a 99.95% uptime.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>My datacenter has an offsite disaster recovery location established and configured.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>My organization needs a partner that can integrate my systems to mitigate disaster risk and ensure availability of systems and resources.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>Critical IT systems and data are backed on an hourly and/or daily basis.</i> |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <i>In the event of system/server failure or disaster, data can be restored quickly and effectively.</i> |
